About

Intro

Jerry is here to lead the herd! A new token which rewards its holders with XRP and provides opportunity to win NFTs and products of Apple or Samsung Company with our token. We will keep the community involved in decision making process to ensure transparency while we grow steadily. Community votes will decide any required changes considering future market trends. Community will have the power to decide future partnerships and development plans. Simply hold as 6% from each transaction is automatically redistributed to \$Jerry holders.

Swap

JRX Swap is our decentralized exchange platform that helps people easily swap any BEP20 token with JRX token. Swap BNB and popular BEP20 tokens at the best pricing available with your TRUST Wallet!

Trust & Security

We aim to be transparent with the community in all our actions we take with this project and align our interest with yours. Upon launch the token the liquidity will be locked.
